RFP2122 – Security 001  
Posting of Selection

November 17, 2021

On behalf of Embrace Families, Inc. and with great pleasure, we would like to inform you that Embrace Families has chosen to move forward in negotiations with Viking Security, Inc. a subsidiary of ProTech Security at our three locations: Administrative Support Center (Maitland), East Orange County Service Center (Pelee), and Osceola Service Center (Commerce). We have carefully reviewed all bids but found their proposal was the perfect balance of budget and results. We also found your consultations were insightful.

We wish to thank all companies for their time and effort devoted to participating in the solicitation for Access Control and Security Video RFP and encourage your organization's partnership with our family of companies in the future.

Sincerely,

*Michelle R. Johnson*
